

DIOCESAN COVID-19 UPDATE

5 May 2020

- The Archbishop's weekly video
- Vaccines

ANGLICAN
DIOCESE OF
MELBOURNE

Dear Brothers and Sisters

The latest news and information from the Diocese.

The Archbishop's weekly video

"All one in Christ", this week's video, is found [here](#).

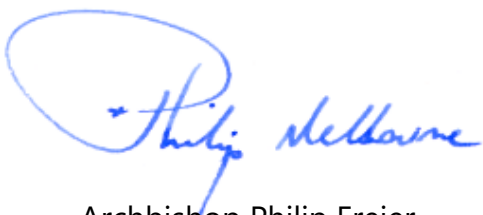

Vaccines

We encourage all clergy and parishioners to be vaccinated against both flu and COVID-19. Influenza is contagious and can affect people of all ages, but flu vaccination is safe and effective. The Department of Health recommends yearly influenza vaccinations. Vaccination helps protect other people, especially people who are too sick or too young to be vaccinated. The more people who are vaccinated in our community, the less likely the disease will spread.

For those eligible to receive the COVID-19 vaccine, Department of Health guidelines recommend 14 days between flu and COVID vaccinations. Please talk to your health care professional for more information.

The website for the diocesan COVID pages is [here](#). If the question is not addressed there, please email Bishop Paul directly: bishoppaulbarker@melbourneanglican.org.au.

Grace and peace in Christ Jesus,

Archbishop Philip Freier
